Independent Auditor's Report

To the Members of Centraide of Greater Montréal

OPINION

We have audited the financial statements of Centraide of Greater Montréal, which comprise the balance sheet as at March 31, 2021, and the statements of operations and fund balance of the Operating Fund, Stabilization Fund, Capital Asset Fund, Development Fund and Collective Impact Project Fund and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Centraide of Greater Montréal as at March 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

BASIS FOR OPINION

We conducted our audit in accordance with Canadian generally accepted auditing standards (“Canadian GAAS”). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of Centraide of Greater Montréal in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing Centraide of Greater Montréal's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Centraide of Greater Montréal or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing Centraide of Greater Montréal's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Centraide of Greater Montréal's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Centraide of Greater Montréal's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause Centraide of Greater Montréal to cease to continue as a going concern.

FINANCIAL STATEMENTS (CONTINUED) — MARCH 31, 2021

Centraide of Greater Montreal

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

01 Status and nature of activities

Centraide of Greater Montréal, a not-for-profit organization incorporated under Part III of the *Companies Act* (Québec), is recognized as a registered charity within the meaning of the *Income Tax Act*. Centraide of Greater Montréal collects public donations to promote involvement in the society through sharing and volunteer and community activities.

02 Accounting policies

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations and include the following significant accounting policies:

FUND ACCOUNTING

Centraide of Greater Montréal uses the restricted fund method to account for its activities:

OPERATING FUND

The Operating Fund comprises the current operating activities of Centraide of Greater Montréal. The annual net result, less interfund transfers, can be applied against the Stabilization Fund, according to the rules established in the following paragraph. Internally restricted fund balance represents resources available for future years.

02. Accounting policies (continued)

Fund accounting (continued)

STABILIZATION FUND

The Stabilization Fund was created to provide stability to agencies financed by Centraide of Greater Montréal and to satisfy the normal expenses associated with Centraide of Greater Montréal's activities during substandard campaigns. Also, the fund can satisfy new initiatives and urgent needs of the community. The fund varies according to investment income and a contribution from the Operating Fund that is equal to 0.5% of the previous campaign. The decision to contribute is made annually based on the financial results of Centraide of Greater Montréal. The balance of the Stabilization Fund, excluding the unrealized fair value on long-term investments, should not exceed 10.0% of the amount of the previous campaign. Any surplus could be transferred, in the following year, to other funds, as required.

CAPITAL ASSET FUND

The Capital Asset Fund comprises the amortized cost of the building, furniture and equipment, computer equipment and software. The fund varies according to interest earned, amounts received for the purpose of acquiring fixed assets, amortization of fixed assets, and other expenses related to fixed assets.

DEVELOPMENT FUND

The Development Fund was created to fund research and development activities and pilot and other projects that are not considered part of Centraide of Greater Montréal's usual activities.

02. Accounting policies (continued)

Fund accounting (continued)

COLLECTIVE IMPACT PROJECT FUND

The Collective Impact Project (“CIP”) Fund was created to achieve measurable and significant outcomes in the reduction of poverty on the Island of Montréal, primarily through the holistic and integrated investment approach of major foundations and the pooling of these partners’ expertise. The CIP Fund fluctuates based on donations from the partnering foundations to the project, the project’s development, and investment income.

REVENUE RECOGNITION

Unrestricted contributions are recognized as revenue of the Operating Fund in the year they are received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Restricted contributions are recognized as revenue of the fund corresponding to their restriction.

ALLOCATED EXPENSES OF THE OPERATING FUND

Expenses accounted for in the statement of operations and fund balance are allocated as follows:

FUNCTION	Fundraising and operating costs	Assistance to agencies and community and operating costs
	%	%
Annual campaign and major donors	100	—
Allocation	—	100
Communication	70	30
General management	60	40
Administration	75	25

02. Accounting policies (continued)

Allocated expenses of the Operating Fund (continued)

Expenses related to each function include all direct costs related to this function, including salaries and other direct charges and a portion of shared and indirect costs. These shared and indirect costs include payroll and other expenses that cannot be directly charged to specific functions. These expenses are allocated among the functions according to the percentage of direct costs attributable to each function.

The financial statements do not include the cost of services rendered by individual volunteers and staff loaned to Centraide of Greater Montréal by businesses and public institutions.

FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are initially recognized at fair value when Centraide of Greater Montréal becomes a party to the contractual provisions of the financial instrument. Subsequently, all financial instruments are measured at amortized cost, except for investments that are recognized at fair value at the date of the financial statements. Long-term investment were composed of units from The Foundation of Greater Montréal Investment Fund. Fair value fluctuations, which include interest earned, accrued interest, realized gain and loss and unrealized gain and loss, are included in investment income.

Transaction costs related to financial instruments measured at fair value are expensed as incurred. Transaction costs related to other financial instruments are added to the carrying value of the asset or netted against the carrying value of the liability and are then recognized over the expected life of the instrument using the straight-line method. Any premium or discount related to an instrument measured at amortized cost is amortized over the expected life of the item using the straight-line method and recognized in the statement of operations and fund balance as interest income or expense.

02. Accounting policies (continued)

Financial instruments (continued)

With respect to financial assets measured at cost or amortized cost, Centraide of Greater Montréal recognizes in the statement of operations and fund balance an impairment loss, if any, when it determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows. When the extent of impairment of a previously written-down asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss shall be reversed in the statement of operations and fund balance in the period the reversal occurs.

FIXED ASSETS

Fixed assets are recorded at cost. Amortization is based on their useful life using the straight line method over the following periods:

Building	40 years
Furniture and equipment	8 years
Computer equipment	4 years
Software	6 years

When a fixed asset no longer contributes to an organization's ability to provide goods and services, or the value of future economic benefits or service potential associated with the tangible fixed asset is less than its net carrying amount, the net carrying amount of the tangible capital asset is written down to the asset's fair value or replacement cost.

02. Accounting policies (continued)

TOP-UP PENSION PLAN

The cost of the top-up defined benefit plan is periodically determined by independent actuaries. Centraide of Greater Montréal uses an actuarial valuation for accounting purposes to assess its obligations under defined benefit. This assessment is based on the projected benefit method prorated on services (which incorporates management's best estimate regarding future salary levels, other cost escalation, retirement ages of employees and other actuarial factors).

Centraide of Greater Montréal records:

- a) in the balance sheet, the obligation for defined benefits, less the fair value of plan assets and adjusted for any valuation allowance (either under accrued benefit assets or defined benefit liability); and
- b) in the statement of operations and fund balance, the cost of the plan for the year.

USE OF ESTIMATES

The preparation of financial statements in conformity with Canadian accounting standards for not for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

05 Pension plans

MULTI-EMPLOYER CONTRIBUTORY DEFINED BENEFIT PENSION PLAN

Centraide of Greater Montréal participates in a multi-employer contributory defined benefit pension plan. The pension plan is capitalized in the pension fund for all participants of the pension plan. The employer's contribution paid is \$933,962 (\$712,957 in 2020). Based on the last actuarial valuation of the multi-employer pension plan performed on December 31, 2019, there is an unfunded liability of \$8,090,600 (solvency ratio of 84.8%) and no capitalization deficit. Defined contribution plan accounting has been applied for presentation purposes in the financial statements of Centraide of Greater Montréal.

TOP-UP DEFINED BENEFIT PLAN

Centraide of Greater Montréal also established an unfunded, top-up defined benefit plan. The benefits of this plan are based on years of service and final salaries.

The employer's contribution paid is \$139,678 (\$139,678 in 2020), as the benefit paid during the year.

Centraide of Greater Montréal values its accrued benefit obligation on an annual basis. The significant actuarial assumptions made by Centraide of Greater Montréal are: 3.00% (3.50% in 2020) for the recognized costs, 2.25% (3.00% in 2020) for the defined benefit obligation and 2.5% (2.50% in 2020) for the rate of compensation increase.

Centraide of Greater Montréal has committed to pay allocations to agencies, in the next year, for an amount of \$38,004,601 from the Operating Fund and an amount of \$2,858,323 from the Collective Impact Project Fund. These amounts represent the first tranche of allocations for the next fiscal year.

08 Financial instruments

Because of its long-term investments, Centraide of Greater Montréal is exposed to the following risk:

INTEREST RATE RISK

The investments bear interest at fixed rates. Therefore, a change in market interest rates will affect the fair value of these investments.

09 Emergency funds COVID-19

On March 11, 2020, the World Health Organization declared a state of pandemic due to the spread of COVID-19. The following day, the Government of Quebec declared a state of emergency. In its 2019-2020 annual report to the community, Centraide of Greater Montréal reported on the rapid mobilization of everyone in an effort to handle the effects of COVID-19 and the health measures put in place.

Four emergency COVID-19 funds were set up to assist community organizations. In total, Centraide of Greater Montréal received \$26,888,138 (\$194,000 in 2020) in donations and redistributed \$25,622,064 (\$194,000 in 2020) in allocations to organizations; all emergency funds, with the exception of the emergency COVID-19 fund, provided for a management fee to be charged by Centraide of Greater Montréal to support its inherent operations in managing, analyzing applications, disbursing and reporting of the funds.
